**YOU HAVE BEEN WARNED.**

Keno, also known on Soundcloud as Keno9988, Keno9988ii, Keno9988iii, Keno9988iv, Keno9988v-official, is a predator. He has been actively drawing shotacon and actively tried to get minor friends of his into it, along with acting racist in servers like Alternate Universe Hell (AUH).

## PEDOPHILIA / SHOTACON

Keno has a Tumblr art account that goes by the name *Keno9988-art*. Already, we have one specific problem: his blog description.

(DESCRIPTION: Keno9988-art's blog description that reads: "*this is the artblog for @keno9988ii. WARNING: this blog contains NSFW and fetish content! specific interpretations of shota asriel is fucking nice*")

If we dig into this Tumblr, as his blog descriptions says, we'll find many accounts of drawing a child version of Asriel from UNDERTALE in sexual situations, often with Alphys (also from UNDERTALE). A lot of them are tagged as shota, or /ss/. A good portion of his content isn't found here, but what is found is upsetting. If you want a glance of the specific offending posts, you may see the imgur album [here](#). Otherwise, here are some specific highlights:

I also s-see that ba... boner down there; yi... you're pretty big. W-we should g-ga... go out sometime... (God, I'm so shitfaced...))

It is important to consider that the posts are often tagged as shotacon, shota, /ss, and even grooming. However, this is not all of it. There is more, found outside of his Tumblr.

(DESCRIPTION: Asriel sitting on a bed, late at night. He asks, "So what are we doing on the bed tonight, Anon?" The options are to sleep, cuddle, watch TV, or fuck until he can barely walk. The heart cursor is selecting the last option.)

This can be found on e621, a pornographic furry website. However, because of "Anon," it could potentially have been posted on 4chan. Keno is known to browse 4chan often, so this is of no surprise.

According to a user that was there, in AUH, this was posted in the general public channel. This means minors could see the image. At this time, he was 19.

(DESCRIPTION: A screenshot of Keno posting the Asriel image, although with only the question in the general channel.)

He has previously reposted art from an artist on /utg/, where he requested Asriel asking Alphys what “shota” is.

(DESCRIPTION: Asriel asking, “Alphys, what’s shota?” and Alphys blushing and reacting nervously.)

In AUH, there used to be an NSFW channel called Sexyshift, however roughly early 2020 the channel was remade and all of its old contents was deleted. Users that were around prior to 2020 in the Sexyshift channel recall that Keno often posted incestuous and pedophilic works, often including Asriel depicted as a child becoming morbidly obese or being sexually touched.

In early 2021, a picture of an underage character was posted in Sexyshift. A user realized they were underage and deleted it, however Keno actively encouraged another user to be into it, saying “join the dark side.”

I deleted the thing anyways

04/04/2021

Then for fictional characters

(DESCRIPTION: A user admitting to deleting an image of an underage character, and as a response Keno says "like i said, awakening has begun. join the dark side")

In 2019, Keno admitted to being sexually attracted to characters like Detective Pikachu in public channels, specifically the general channel. He talked about if Detective Pikachu was actually a Detective Pichu instead, suggesting something else.

At the moment this is all we currently have regarding Keno’s pedophilia. Some users who knew Keno recount that he has tried to get them into shotacon with him, only to fail.

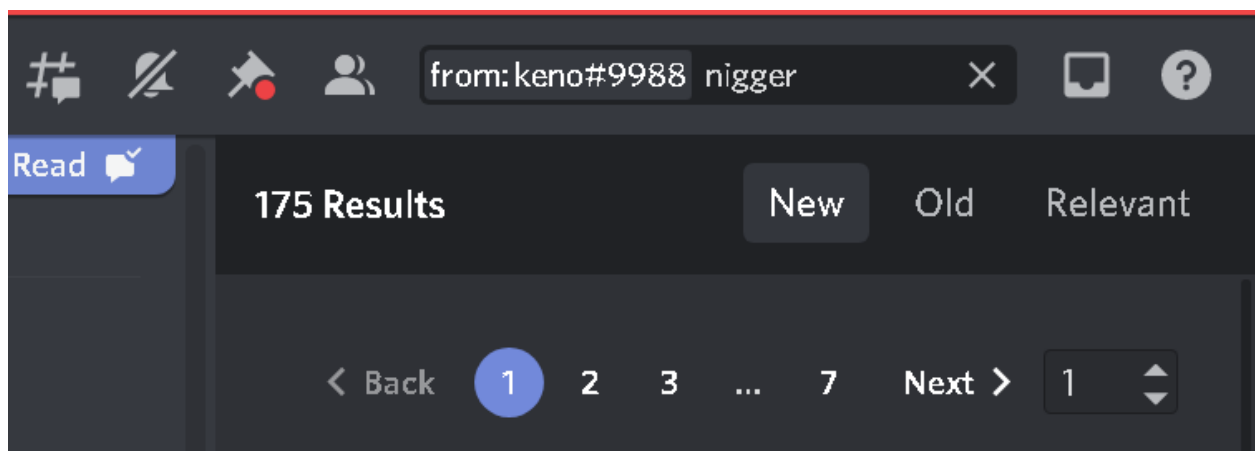

As a closing message for this segment... have a quote from Keno.

(DESCRIPTION: Keno saying “if you’re doing something you think is morally reprehensible, just act proud about it and don’t try to justify yourself at all, trying to will just dig your grave deeper”)

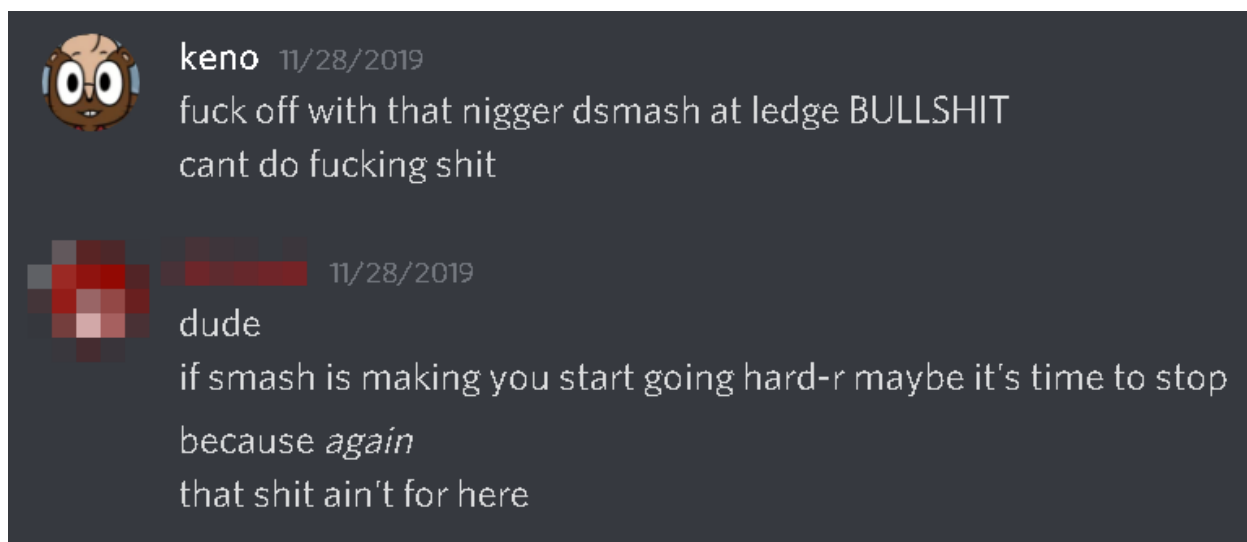

## **RACISM / USING SLURS / PHOBIA**

As far back as 2016, Keno has shown to partake in racist conversations. Overall, during his time in AUH, he has said the word “nigger” about 175 separate times.

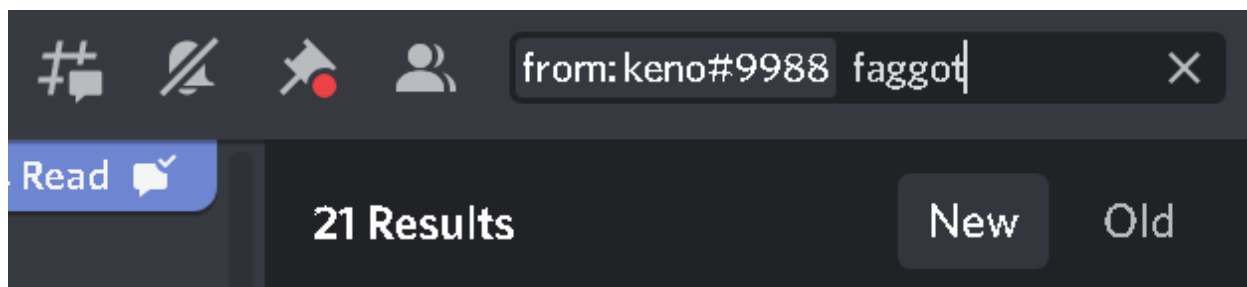

(DESCRIPTION: A search preformed on Discord from Keno in all channels of AUH displays 175 separate uses of the slur “nigger.”)

The most recent usage of “nigger” is documented on November 2019.

(DESCRIPTION: Keno getting upset during a Smash Bros. round and calling his opponent a “nigger.” An admin steps in to tell him to stop.)

Keno has also been known to use “faggot,” although to a much lesser degree. In AUH, it sits at 21 separate uses.

(DESCRIPTION: A search performed on Discord from Keno in all channels of AUH displays 21 separate uses of the slur “faggot.”)

The latest racist joke / meme he posted in AUH was mid 2021. Here, he posts a video with a giant cockroach seemingly sleeping next to a person. It was captioned, “WHEN YOU WAKE UP HUNGOVER AND REALIZE THE GIRL YOU SLEPT WITH FROM THAT PARTY LAST NIGHT WAS TURKISH.” It is common on 4chan in /pol/ to call Turkish people cockroaches as an insult.

One discussion that took place in 2016 was about an UNDERTALE AU, "Thugtale," where the characters all speak using African-American Vernacular English (words and slang that black communities use). Keno is white. While it is not bad to use African-American Vernacular English, it is clearly used to make fun of the way black people speak. Keno also describes Asgore as having multiple women sexually / romantically involved with him as a joke.

keno 04/10/2016

toriel used to be asgore's main chick, but now it's undyne, with alphys as the side chick in this au

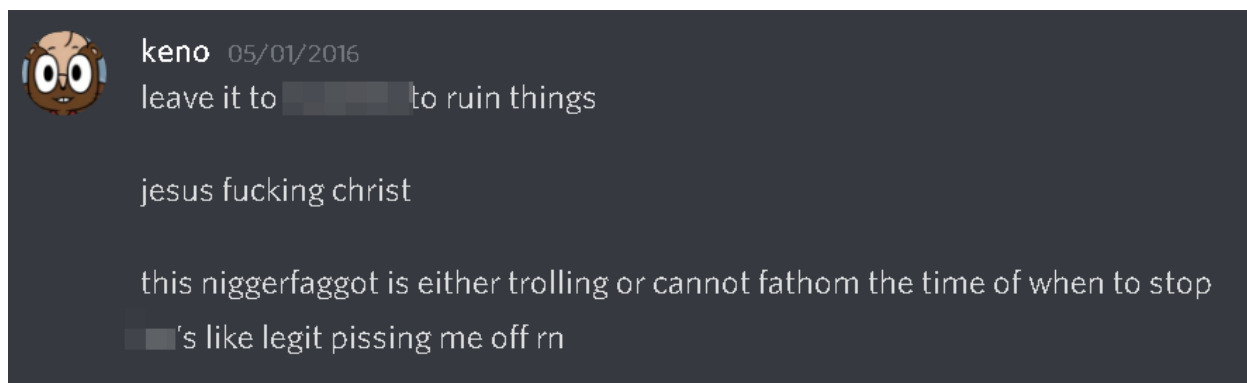

(DESCRIPTION: Keno and other users in AUH partaking in brainstorming ideas for “Thugtale.” Keno writes dialogue making the characters say “nigga,” and generally making fun of the way black people talk. Another user chimes in, suggesting the buttons in the fight menu to be “FUCK UP, ACT ON DAT SHIT, DRUGS, MERCY”. Keno describes Toriel previously being Asgore’s “main chick,” but it now consists of Undyne and Alphys, with the latter being the “side chick.”)

While it is true people change overtime and learn that this kind of conversation and language is not okay, Keno has continued to speak and act in such manners, especially on 4chan.

While Keno was known for saying “nigga” despite being white, he also was not unfamiliar with calling people slurs. If he was annoyed by someone, he would call them retarded or a faggot, as pictured below.

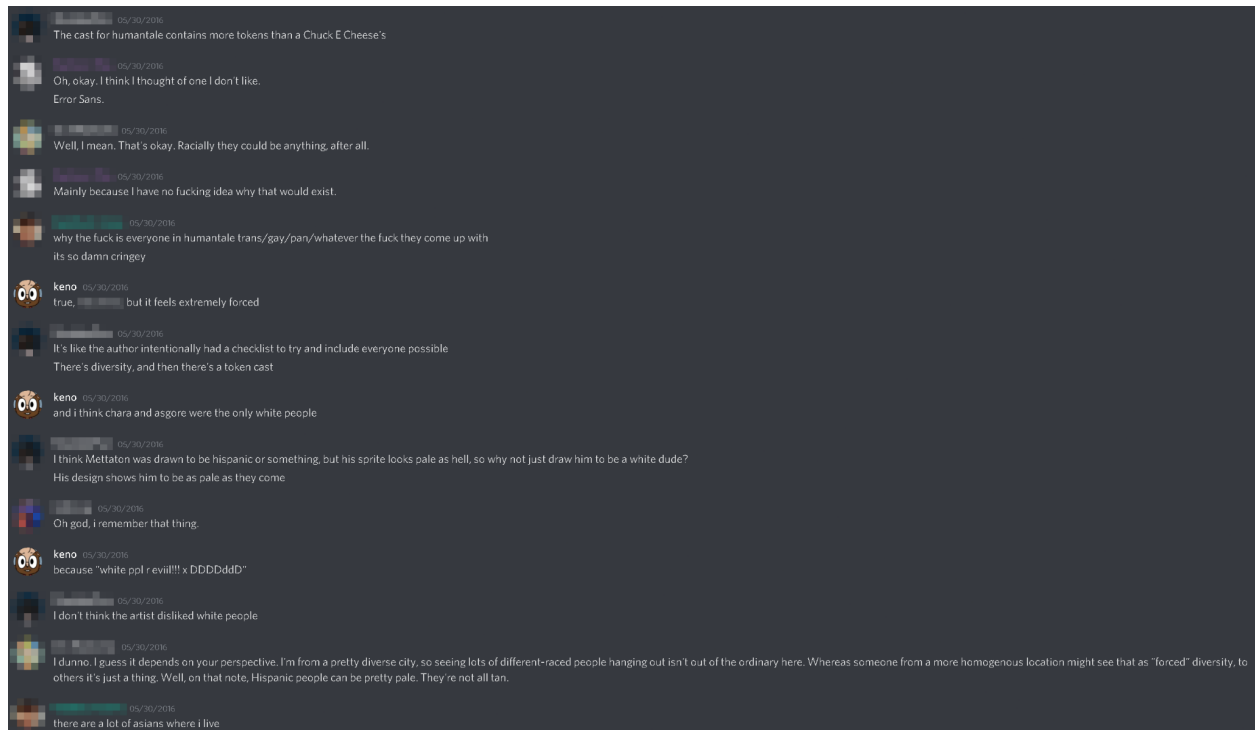

(DESCRIPTION: After a user left, Keno proceeded to call the user who allegedly made them leave a “faggot” and asked if they did not how to stop joking or if they were retarded.)

(DESCRIPTION: Keno calling the user in question a “nigger faggot” because they pissed him off.)

It is important to note that “niggerfaggot” is a common insult on certain 4chan boards, especially /pol/. /pol/ as a board is typically known for being full of white supremacy, racism, etc.

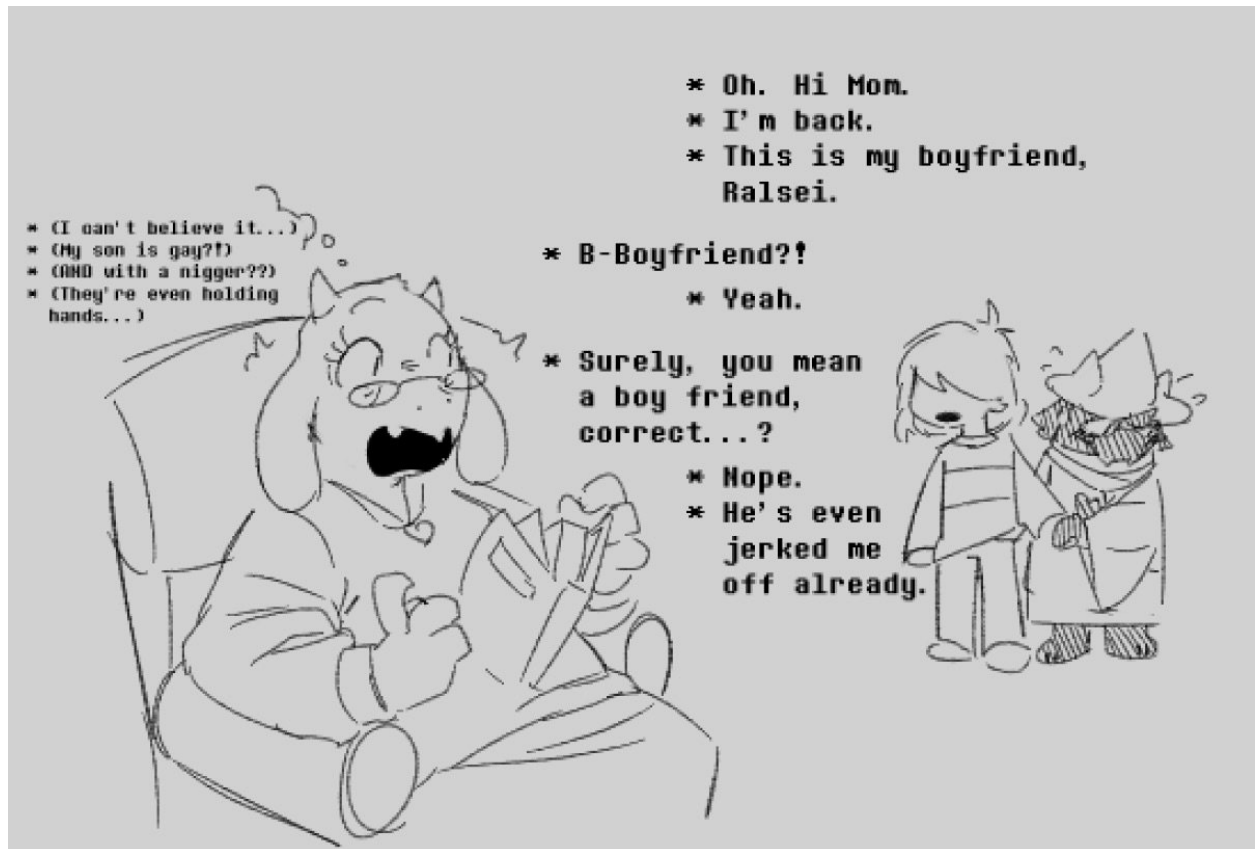

Keno was very known for posting racist jokes / memes within the server. However, on top of his racism, he has previously complained about a human UNDERTALE AU that made the cast racially diverse and have many different sexualities.

(DESCRIPTION: The chat is talking about a human UNDERTALE AU and how many of its characters are not white. A user asks, "why the fuck is everyone in humantale trans/gay/pan/whatever the fuck they come up with, it's so damn cringey." Another user, right before that, explains that because the UNDERTALE cast is mostly monsters, as humans, they could be racially anything. Keno says, "true, but it feels extremely forced." Keno also claims the creator made Chara and Asgore the only white characters because "white ppl r evil!!!!" However, another user chimes in saying they don't think the creator thought that at all.)

It is not often Keno expresses opinions of "forced diversity," however on the topic of a human UNDERTALE AU, those were his thoughts. He did not enjoy that someone's interpretation of the cast painted many characters as non-white and non-heterosexual.

At one point after the release of DELTARUNE in 2018, Keno drew art of Kris and Ralsei in the former's home informing Toriel of the two's relationship. In the art, she calls Ralsei a nigger and calls Kris her "son," expressing disbelief that they are dating another man who is black.

(DESCRIPTION: Kris coming home and saying, "Oh. Hi Mom. I'm back. This is my boyfriend, Ralsei." Toriel responds, "B-boyfriend!?" to which Kris confirms with "Yeah." Toriel in disbelief asks, "Surely, you mean a boy friend, correct...?" hoping for it to be a friendship only. To her dismay, Kris corrects her saying, "Nope. He's even jerked me off already." A thought bubble next to Toriel shows her thoughts as "I can't believe it... My son is gay?! AND with a nigger?? They're even holding hands...")

At this point in time, it is unknown where Keno posted this originally to. However, it is his art style. There is also more art similar to this.

(DESCRIPTION: Toriel mistaking Ralsei for Asriel, asking "Why is my son BLACK." Ralsei asks, "Uh, Miss? Where am I?")

\* Oh, I forgot to take  
off my hat indoors...

\* (Please just be a  
shadow please just be  
a shadow please just  
be a shadow)

\* You must be Toriel,  
Kris's mom.  
\* Hi, I'm Ralsei.

(DESCRIPTION: Toriel hoping while Ralsei takes off his hat, "Please be a shadow please be a shadow please be a shadow," then being very upset when Ralsei takes off his hat because he is actually black. She is shown reacting, "IT'S NOT A SHADOW IT'S NOT A SHADOW, ABORT ABORT ABORT ABORT ABORT")

## RELATIONSHIP WITH AETHERDX

AetherDX was previously outed for being a groomer and predator in the Friday Night Funkin' community. However, this did not stop Keno on 4chan posting fanart of her sona and drawing her acting predatory towards short characters, hoping they would be underage.

(DESCRIPTION: AetherDX's sona, blushing and breathing heavily behind Boyfriend from Friday Night Funkin'. She is shown to be thinking, "S-surely...")

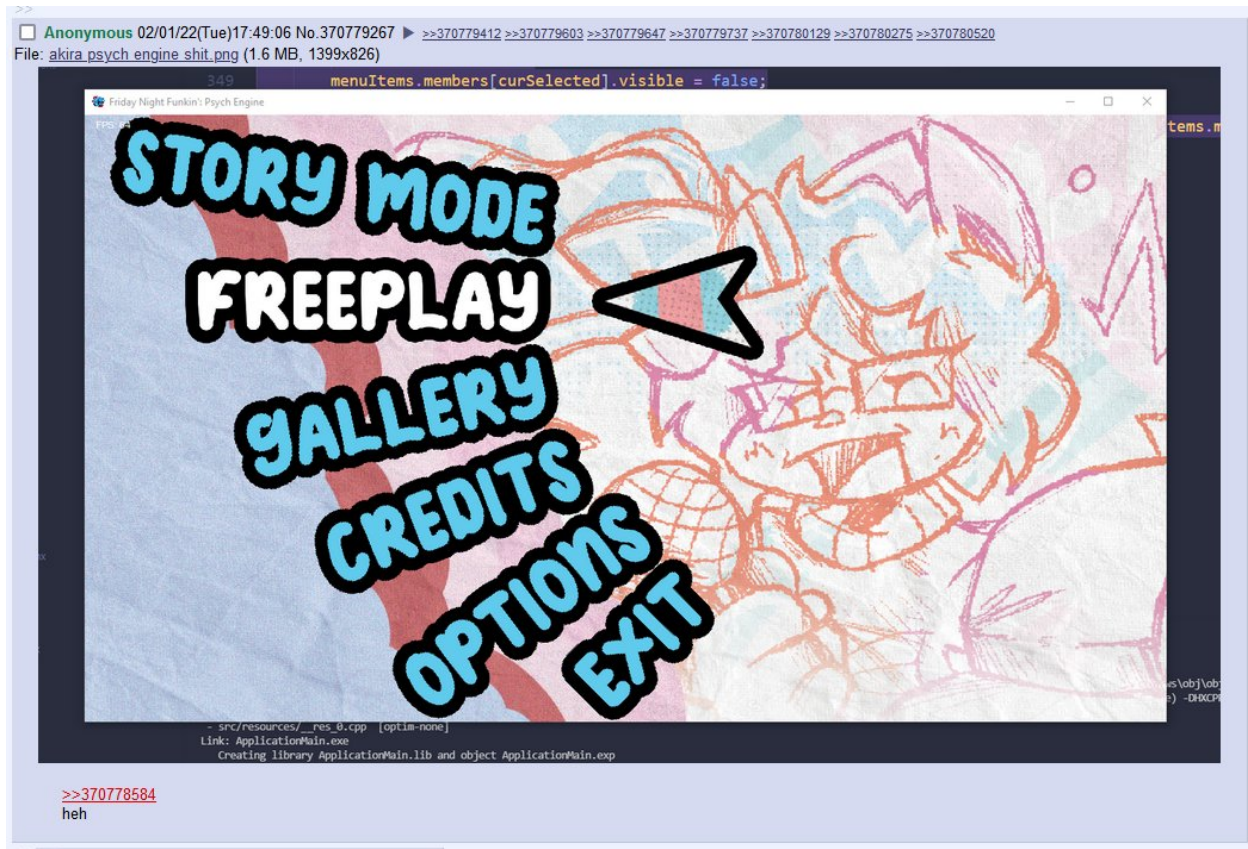

(DESCRIPTION: AetherDX's sona, blushing and asking, "Hey there, l-little one! How old are you?" When Keno's character replies with "Uh... 22... why?" she immediately gets upset and grumpy, walking away and saying "Eugh OK nevermind." Keno's character replies, "Huh? W-Was it something I said?" )

He also is currently making a mod featuring AetherDX's character and posts about it on 4chan.

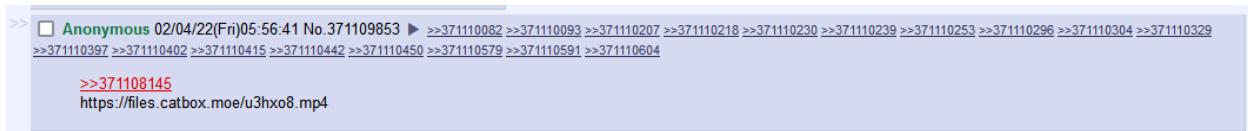

(DESCRIPTION: A post by Keno on 4chan with AetherDX's character and Boyfriend, captioned "poor timing?" )

(DESCRIPTION: A screenshot of the work in progress mod's main menu by Keno, captioned "heh".)

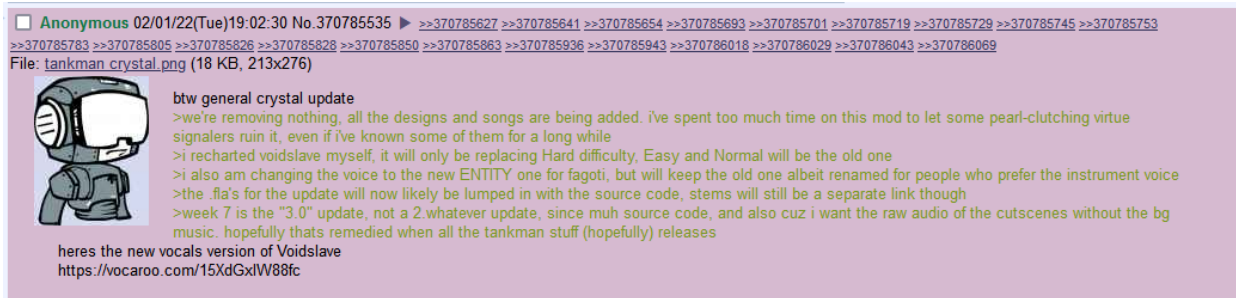

At this point in time, Keno is still developing the mod and has continued to post updates for it.

(DESCRIPTION: A screenshot from 4chan linking to footage of the mod.)

## INITIAL RESPONSE

Upon finding out that the initial Imgur Album showing his behavior was being spread around and reaching other FNF creators asking to remove their work from his other mod, FNF Crystal, he had this to say:

(DESCRIPTION: A screenshot from Keno on 4chan stating the following: btw general crystal update, we're removing nothing. all the designs and songs are being added. I've spent too much time on this mod to let some pearl-clutching virtue signalers ruin it, even if i've known some of them for a long while. i've recharged voidslave myself, it will be replacing Hard difficulty. Easy and Normal will be the old one. I am also changing the voice to the new ENTITY one for fagoti, but will keep the old one albeit renamed for people who prefer the instrument voice. the .fla's for the update will now likely be lumped in with the source code, stems will be a separate link though. Week 7 is the "3.0" update, not a 2.whatever update, since muh source code, and also cuz i want the raw audio of the cutscenes without the bg music. Hopefully that's been remedied when all the tankman stuff (hopefully) releases)

It seems that Keno is doubling down, acknowledges what he is being called out for, and refuses to change. He still uses "faggot," as he refers to a popular FNF mod character Agoti as "Fagoti."

## VICTIMS OF KENO

At this time, no victims of Keno have come out. However, if you have any experiences with him where he may have groomed you, please do not hesitate to reach out to @SuperKirbylover on Twitter.

## END STATEMENT

Please do not engage with or work with Keno in the future. Thank you for reading.
